

MODULE 6 | Trapped Populations

Learning Objective	The module will explain links between trapped populations, climate change mobility and its impacts. Here potential response mechanisms and capabilities on climate migration and displacement will be introduced and discussed.	
Learning Outcome	<p>After use of the tool, participants will</p> <ul style="list-style-type: none"> ▶ understand: <ul style="list-style-type: none"> ▶ the differences between involuntary immobility (being trapped) and voluntary immobility. ▶ why it is just as much a concern as climate migration and displacement. ▶ linkages of involuntary immobility to the aspirations and capabilities framework ▶ how gender and vulnerability affect the (im-)mobility of people ▶ be able to: <ul style="list-style-type: none"> ▶ define trapped populations, and ▶ identify main factors why people are (im-)mobile in situations of climate risks ▶ make use of response mechanisms to address the problems that trapped populations face 	
Target Group	All	
Type		Duration 30-40 minutes
Use		Participants n/a
Material Needed		▶ n/a
		▶ atingi.org
Preparation Steps	▶ Register participants on atingi	
Implementation Steps	▶ Participants go through online module individually online
